

## **RUBIS ENERGY DONATES FOOD, AND SCHOOL FEES TO SOS CHILDREN'S VILLAGES**

**23<sup>rd</sup> December 2021, Kampala:** RUBiS Energy Uganda spreads joy and cheer to the SOS Children's Villages with items meant to enable the homes to enjoy their festivities smoothly.

The SOS Children's Villages that take care of over 29,000 vulnerable children in Uganda was started in 1991 and has transformed the lives of over 100,000 children from their Kakira, Entebbe, and Fortportal villages.

While handing over the items, Olivier Gatera, the Country Manager, RUBiS Energy Uganda said that through celebrations like Christmas, it is in the Rubis Energy culture to positively impact the community with cheer and items that will ease the lives of those being taken care of.

"We as Rubis have been in the Ugandan Market for about 2 years and we shall ensure to offer as much support to SOS Children's village," Gatera said.

Adding: "It has always been more rewarding to give especially at a time when we need each other. The global pandemic was and still is a lesson to all of us. We have learnt to love and care for our neighbors. It is in this spirit that we have donated items comprised of a full set of cooking gas - Kgas, grain food, fuel for the villages' ambulances, and cash for the kids' school fees among others."

While receiving the items, Paul Bwamiki, the Programme Director at SOS Children's Villages, commended Rubis Energy for extending such care and love towards the villages where they take care of vulnerable children who are about to lose or who have lost parental care, shelter, and homes.

"These children are special to us and such donations will come in handy as we take care of and make life easier and better for them. This donation from Rubis Energy will help us the caretakers to ensure that the life of these children continues to improve greatly," Bwamiki said.
